TECHNICAL SKILLS

- Design Tools:** Figma, Canva.
- Prototyping:** High-fidelity designs, interactive prototypes, user flows.
- Design Skills:** UI/UX design, accessibility, responsive design.
- Workflow:** Agile, design systems, Git.
- Basic Knowledge:** C, HTML, CSS.
- Productivity Tools:** Excel, Word, PowerPoint etc.

KEY STRENGTH

- Strong user empathy from client interactions.
- Clear and effective communication skills.
- Detail-oriented with a focus on quality.
- Creative problem solver.
- Fast learner and adaptable.
- Experienced in teamwork and collaboration.
- Good time management balancing work and learning.
- Confident in presenting ideas and designs

PROFILE

A motivated and creative individual with a strong interest in UI/UX design, actively pursuing a career in the field. Committed to creating user-centered, accessible, and visually compelling digital experiences. Fast learner with a proactive mindset, adaptability, and a strong desire to grow through practical experience and continuous development. Possesses a solid understanding of design principles, a strategic approach to problem-solving, and a keen interest in user behavior and interaction.

WORK EXPERIENCE

Softvance Delta

10/2025 - 06/2026

Junior UI/UX Designer

- Designed user-centered web and mobile interfaces using Figma, focusing on usability and visual consistency.
- Created user flows, wireframes, prototypes, and high-fidelity UI designs.
- Applied UX research, interaction design, design systems, and responsive design to improve user experiences.
- Collaborated with developers and stakeholders to deliver functional, intuitive digital products.

Join Venture AI (JVAI)

03/2025 - 08/2025

Sales Executive

- Engage with clients to identify needs, understand pain points, and deliver tailored solutions aligned with business goals.
- Collaborate with technical teams to translate client requirements into clear, actionable solutions and ensure smooth project delivery.

UNIVERSITY PROJECT

05/2024 - 10/2024

CSE Project: UniVerseHub

- Designed and developed UniVerseHub, an integrated platform tailored for Bangladeshi university students, offering AI-powered academic assistance, mental health resources, and productivity tools. Led the UI/UX design process using Figma and implemented responsive, user-friendly front-end components to deliver a seamless digital experience.

EDUCATION

Bachelor of Computer Science and Engineering

2019 - 2024

United International University

CGPA: 3.27 / 4.0

ACHIEVEMENTS

- Awarded Best CSE Project Prize for UniVerseHub at United International University.
- Successfully completed Final Year Design Project.
